... is recruiting **2 EVS volunteers** for the 1st October 2015 deadline!

ABOUT ORGANIZATION

INEX - Association for Voluntary Activities, hereinafter INEX-SDA

INEX-SDA is a non-governmental not-for-profit organisation founded in 1991 to carry out and support international voluntary work and intercultural education. We arrange voluntary placements abroad for Czech volunteers and organise voluntary projects in our country for incoming foreign volunteers. Annually we send nearly 700 volunteers abroad on long or short-term placements and receive 300 volunteers for the work in our country.

Through international voluntary projects, educational programs and campaigns INEX-SDA aims to:

- assist the development of a tolerant and open society
- encourage an active and responsible approach to the world around us both locally and globally

We create space in which especially (but not only) young people can gain new experience, expand their skills and develop their own views of the complexity of the world around them.

Volunteer in Education, mainly with project Fotbal pro rozvoj (Football for Development)

Introduction of the project:

Football for Development is a unique concept based on the principle of fair play, equality and teamwork. Our aim is to bring together groups or people who would normally not met. Through football we promote mutual respect and tolerance, not only on the field but also in everyday life. The project is associated with the traditional visit of volunteers from the Kenyan organization MYSA (Mathare Youth Sports Association) and their monthly tournament educational tour throughout the country. Together with Czech volunteers they put together a team that organizes tournaments, workshops, film screenings and concerts.

Thanks to these football tournaments we manage every year to involve more than 1,500 young people from Prague and other regions .The campaign takes place in June/July each year in few regions of the CZ.
