Informazioni sul paese: <http://www.viaggiasesicuri.it/?bolivia>

### **Red Tinku**

Who we are:

Red Tinku is a volunteer organisation based in Bolivia that is working on several local projects since 1998. At the beginning in 2007 we started contacts with Youth Action for Peace and since then we have been involved in organising International Volunteering projects.

Our principles are self-management, social justice, reciprocity, solidarity, peace, multiculturalism, respect for human rights and for the Mother Earth and create greater opportunities for the marginalised and excluded.

What we do:

Red Tinku organises short term workcamps and medium and long term projects. Red Tinku has a Home and a Community Centre called "La Tinkuna" where volunteers, that join in the projects will be housed in shared rooms.

We are thrilled to welcome volunteers from around the world. We expect the support and solidarity among peoples. Jallalla Pachamama!
