GSM

Who we are:

GSM – Youth Services Centre is a non-governmental and non-profit youth organisation that has been founded by a group of young people in 1985 in Ankara, Turkey. Since its first day, GSM has actively worked in youth field and until today it has created and successfully implemented many national and international youth projects. GSM is a pioneer organisation in the field of youth-work in Turkey. Our main aim is to support common understanding, peace, friendship and intercultural learning among young people coming from different cultural backgrounds by organising international youth activities. We believe that these intercultural activities give a space to young people to share their experiences and own cultural richness, which could help young people to break down any barriers and prejudice.

What we do:

International Voluntary Workcamps: We, as one of the active members of ALLIANCE of European Voluntary Service Organisations, have been organising International Voluntary Workcamps in Turkey in cooperation with municipalities, universities, institutions and other NGOs. We offer different types of workcamps such as art, cultural, festive, environmental, construction and renovation work and social workcamps.
