Presentation of Concordia

Concordia is a French national non-governmental and no-profit making organization, founded in 1950 by English, German and French youngsters. Their aim was to enhance the values of tolerance and peace after the 2nd world war by organizing international workcamps of young volunteers.

The Paris head office supports the eight regional offices activities in the Alps, Auvergne, Aquitaine, Bretagne, Normandy, Picardy, South-Southwest and Ile-de-France acting in the voluntary sector and particularly in the work camps for volunteers as well as in international youth exchanges.

Each year, Concordia is organizing hundreds of international volunteering workcamps throughout France. These projects last 2-3 weeks and include dozens of volunteers from around the world to participate in a project of general interest: restoration of local heritage or historical monuments, cleaning and development of natural areas, socio-cultural animation in urban areas.

The international projects are designed to promote intergenerational exchange and international meetings, in a spirit of peace, friendship and mutual understanding.

Concordia has the approval of the French Ministry of Youth and Sport and the Ministry of the Environment.

Project

The National Office coordinates activities, the sending and the reception of the volunteers and brings administrative support to the eight regional delegations located in the Alps, Auvergne, Aquitaine, Brittany, Normandy, Picardy, South-Southwest, and Ile-de-France.

Volunteering is a perfect mean for personal and professional development. Therefore we consider being important the needs of the association, but in our point of view the project should come across personality, desires and skills of the volunteer. The outline of the project is here, but we will develop and adapt together with the volunteer.
