COCAT

COCAT is a platform organisation of international workcamps organisations in Catalunya. It gathers Catalan organisations that implement activities in the social-educational field.

Our main goal is to promote international volunteering, understood as a tool for personal and community development and social transformation.

We promote international volunteering mainly in 2 ways:

- Sending Catalan volunteers to the world to do workcamps, mid and long term projects (also EVS), trainings, youth exchanges, etc...
- Hosting international volunteers in the workcamp projects that our member organisations organize.

We are really concerned about inequalities and environmental issues, that's why:

- We support youngsters with fewer opportunities so that they can also participate in this kind of experiences
- We promote sustainable practices both in the projects in Catalunya and in the travels our volunteers do to their projects.

EVS IN COCAT

The role of the volunteers who will participate in our EVS project will be to support the incoming and outgoing volunteering areas and to be in charge of communication. It means one of the volunteers will be supporting the work that is done to host volunteers (incoming) and the other one will be supporting the work that is done to send volunteers (outgoing). Both will be promoting international voluntary service producing informative material, participating in informative sessions, updating the web and the social networks and publishing articles and posts in our website.

Here you'll find a summary of the tasks that each volunteer will carry on during the EVS project:

- **Volunteer supporting Incoming area and Long Term area**

This volunteer will support two areas: Incoming area and Long Term area

PREPARATION OF DOCUMENTS TO START THE WORKCAMPS SEASON:

Workcamps programme

The first step to start the workcamps season is to prepare a detailed programme with all the information from the local partners (member organisations) to provide to the international partners in the Technical Meeting we annually do with Alliance, our international network.

Infosheets

Detailed informative document to send to the volunteers that will participate in Catalan workcamps (it includes some general info about COCAT and Catalunya and detailed information about the project, how to get to the meeting point, contact person, ...)

PLACEMENT

Once all these documents are ready, the registration process starts. It's time to keep in touch with international organisations to see the volunteers they send and contact with local organisations to see which volunteers they can host. The incoming EVS volunteer will have to deal with visa invitation letters and other documents.

TRAINING FOR CATALAN VOLUNTEERS IN COCAT INTERNATIONAL WORKCAMP

COCAT organises several trainings before volunteers departure. We expect from the EVS to support this activity with the rest of the team.

VISITING AND PARTICIPATING IN AN INTERNATIONAL PROJECT:

The volunteer will have the opportunity, if he/she wish) to participate in an international project (it could be a workcamp, youth exchange, international training, depending on the availability) if he/she wants to. He/she could also have the opportunity to visit the Catalan workcamps during the summer season with the rest of the team.

EVALUATIONS:

At the end of the workcamps season is the time for evaluations. The incoming EVS volunteer will go through the evaluation forms and also will participate in the evaluations meetings to understand and get to know the experiences of the Catalan volunteers in COCAT's workcamps.

ANNUAL REPORT:

Out of the evaluations from volunteers and from our member organisations, we produce an annual report that shows what has happened in our workcamps during the whole year and a best practices report that highlights the most positive aspects and examples we can promote among our international partners.

SUPPORT TO LONG TERM VOLUNTEERING:

The volunteer will help the long term volunteering coordinator to spread LTV and EVS vacancies among volunteers willing to participate in a long term project abroad. He/she will also participate in the informative speeches about EVS and the pre-departure trainings for Catalan volunteers starting the EVS experience.

The tasks in this area will be especially related with communication and social media management.

• **Volunteer in Outgoing area**

The first step for a volunteer that wants to go abroad on a workcamp is to be well informed, so the first thing the outgoing EVS volunteer will do is going to be related to this (picking-up the phone and answer e-mails giving information to volunteers, informative sessions)

PLACEMENT:

The next step is the registration process. The outgoing EVS volunteer will support the registration process by using our database and contacting international organisations.
