

ERASMUS+ PROGRAMME
Key action 1 - Learning Mobility of Individuals

PEOPLE FIRST

Communicating Human Rights in the Migration Era

GENERAL BACKGROUND

In 2013 Lunaria defined and launched a medium-term strategy for 2013-2014-2015, which during the GA 2015 has been re-launched for 2016 and 2017, aimed at further promoting anti-racism, through mobility and voluntary service activities.

The **PRIORITIES** of this strategy were and are:

- ✓ to raise **youth awareness** on the daily growth of racism and xenophobia and to share relevant tools
- ✓ to make sensitisation among other peers;
- ✓ to provide **youth workers** and **peer educators** with new tools to fight the racism wide-spread and to promote fair, intercultural approaches;
- ✓ to provide **local, international organisations** and **NGOs**, with new tools to conceive and implement anti-racism actions and projects;
- ✓ to share **good practices** and **working methods** to make more effective the anti-racism action both in Europe and worldwide;
- ✓ to create a **network** of different actors and organisations from the civil society, interested in anti-racism, human rights and intercultural exchange.

Within this strategy the following **PROJECTS** have already been implemented:

- ✓ **SHARING IDENTITIES Open Mind for an Intercultural Europe**: training course on intercultural learning, individual and multiple identities;
- ✓ **MIGRANT TOOLS Social work to promote intercultural dialogue**: training course to raise awareness toward migration and to promote anti-racist behaviours;

- ✓ **WORDS ARE STONES Youth participation against racism: online and offline:** a training course on online and offline hate speech toward migrants and refugees;
- ✓ **UNVEILING STORIES Youth Work Against Racism:** a training course to develop non formal education and theatrical tools to raise youth awareness toward the racism widespread in Europe;
- ✓ **TAKE IT OUT! Shaping youth commitment against racism:** a training course to further develop the work on online and offline hate speech and to develop tools for youth workers to fight the spreading of the phenomenon;
- ✓ **THE BUTTERFLY EFFECT: Raising Awareness Among European Youth on the Refugees Crisis:** a multi-action project aimed to raise awareness on discriminations, xenophobia and racism among young people and adults in Europe and to fight the hate speech and discriminative actions toward migrants and refugees.

The current project, is part of the above-mentioned strategy and intends to develop an articulated work in the field of human rights and their communication, having as a common ground the fact that they are unalienable and valid for everybody.

GLOBAL ACTION: The project will also be connected to the activities proposed within the **Global Action Task Force of Alliance** of European Voluntary Service organisations network, focused on migrants and refugees, aimed to raise awareness on the issues, to develop tools and concrete actions within the IVS movement to address national and international challenges.

PROJECT DESCRIPTION

PROJECT FOCUS: The project will focus on how to communicate human rights behind any border and specifically those of migrant people, refugees and the rights to citizenship of every person in the world.

AIM: to provide youth workers, activist and young people with new interactive tools and methodologies to raise awareness on human rights and to communicate them within the local communities, especially the rights of migrant people, refugees and the rights to citizenship of every person in the world, acknowledging that these rights are above the delimitation of any border.

SPECIFIC OBJECTIVES OF THE TRAINING COURSE – TC

- ✓ to explore the **general framework**: exploring human rights;
- ✓ to deepen the **rights of migrants and refugees** in the national contest;
- ✓ to acquire **new communication tools and methodologies** to learn how to communicate human rights;
- ✓ to **share tools and methodologies** that will be afterwards used once back home.

TARGET: >18 y.o., youth workers, peer educators, youth leaders and activists interested in anti-racism, human rights and in raising awareness toward the rights of migrants and refugees

METHODOLOGY

The whole project will be based on non formal education - NFE methodologies and for this reason, it will be articulated following the **NFE main pillars**:

- ✓ flexibility, being learner-centred, contextualized and based on the promotion of participatory approaches;
- ✓ horizontal cooperation, where facilitators and experts create a shared learning path with participants and trainees, encouraging the exchange of knowledge;
- ✓ personal empowerment through self-esteem raising, development of the self-confidence, competences and skills development.

During the project it will be proposed a **LEARNING BY DOING APPROACH**: the specific learning objectives are organized to be practically experimented through interactive activities and to ensure a coherent learning process. Furthermore, **METHODS WILL BE RE-ADAPTED** during the process, taking into account the needs of participants and of the different actors involved.
