HURRICANE

HUman Rights' awareness Raising by Improving Creative Actions and Non formal Education

GENERAL BACKGROUND

In 2012 Lunaria defined and launched a medium term strategy to promote antiracism through mobility and voluntary service activities and projects. The actors, target groups and beneficiaries of the process are young people, youth-social workers, local organizations and NGOs. Within the anti-racism strategy, the following projects have been already implemented:

- **SHARING IDENTITIES Open Mind for an Intercultural Europe:** training course on intercultural learning, individual and multiple identities;
- **MIGRANT TOOLS Social work to promote intercultural dialogue:** training course to raise awareness toward migration and to promote anti-racist behaves;
- **WORDS ARE STONES Youth participation against racism: online and offline:** training course on hate speech, on line and off line, toward migrants and refugees;
- **UNVEILING STORIES Youth Work Against Racism:** training course to develop non formal education and theatrical tools to raise youth awareness toward the racism widespread in Europe;
- **TAKE IT OUT! Shaping youth commitment against racism:** training course to further develop the work about on line and off line hate speech and to develop tools for youth workers to fight the widespread of the phenomenon;
- **THE BUTTERFLY EFFECT Raising Awareness Among European Youth on the Refugees Crisis:** training course, job shadowing and youth exchange to raise awareness on the daily growth of discriminations, xenophobia and racism among young people and adults in Europe;
- **GEM Gender Equality and Migration:** training course and youth exchange to raise awareness on the daily growth of racism in Europe toward migrants and migrant women and to develop tools and working methods to raise awareness;

The priorities of this strategy were and are:

- to raise **youth awareness** on the daily growth of racism and xenophobia and to share relevant tools to make sensitisation among other peers;
- to provide **youth workers** and **peer educators** with new tools to fight the racism wide-spread and to promote fair, intercultural approaches;
- to provide **local, international organisations** and **NGOs**, with new tools to conceive and implement anti-racism actions and projects;
- to share **good practices** and **working methods** to make more effective the anti-racism action both in Europe and worldwide;
- to create a **network** of different actors and organisations from the civil society, interested in anti-racism, human rights and intercultural exchange.

HURRICANE is part of the above mentioned strategy and intends to develop new tools and artistic methods to raise awareness on Human Rights- HRs' values and European active citizenship.

The project has to be considered as a follow up of the 2017-2018 project "**PEOPLE FIRST Communicating Human Rights in the Migration Era**", composed by a training course, aimed to provide youth workers, activist and young people, with new interactive tools and methodologies to raise awareness on human rights and to communicate them.

METHODOLOGY

The whole project will be based on non formal education - NFE methodologies and for this reason, it will be articulated following the **NFE main pillars**:

- ✓ flexibility, being learner-centred, contextualized and based on the promotion of participatory approaches;
- ✓ horizontal cooperation, where facilitators and experts create a shared learning path with participants and trainees, encouraging the exchange of knowledge;
- ✓ personal empowerment through self-esteem raising, development of the self-confidence, competences and skills development.

During the project it will be proposed a **LEARNING BY DOING APPROACH**: the specific learning objectives are organized to be practically experimented through interactive activities and to ensure a coherent learning process. Furthermore, **METHODS WILL BE RE-ADAPTED** during the process, taking into account the needs of participants and of the different actors involved.
