EUROPEAN VOLUNTARY SERVICE

CULTURAL ANIMATION

At the social and international hosting center **la ferme du Faï** in the Alps, the association **Les Villages des Jeunes** propose you an EVS, around various missions that you will carry out with the support of the team and all the volunteers.

ENCOURAGE MEETINGS

- Allow the various people hosted (volunteers, employees in integration courses, youth groups, families ...) to meet, by «doing together» and setting up specific activities (games, pizza evenings, workshops ...)
- Participate in the life of the place: collective workcamps to highlight the built and natural heritage, collective life
- Animate international workcamps and Europeans youth exchanges, in Faï and in different villages of the Alps : facilitate intercultural dialogue within the group, organize activities, visits, manage the budget.
- Organize meeting times with the local population: international meals, parties, screenings, debates, hikes ...

VALORIZE LOCAL RESOURCES

We also propose specific missions around two axes:

- Management and maintenance of the vegetable garden / organic and local cuisine / processing of local resources (lavender, fruits, vegetables ...)
- The preparation of cultural events and the renovation of the Faï acoustic system.

Considering the very rural situation of the place, **the driver's licence is recommended** but not required. Accommodation is proposed on site, with the international volunteers of the association.

Where ? Le Saix, in the french Alps

When ? From April to November (8 month)

How many positions available ? 4

Terms ? 18 to 30 years old

Pocket money ? 150 € per month
