“Gender Equality Matters”

#GEM

***YOUTH EXCHANGE
“Equality Is My Gender”***

19-26 June 2020

Hammamet Tunisia

Summary of the Youth Exchange :

The project aims to empower different target groups (Youth, youth workers, educators, grassroots activists) and provide them with new competences to increase women participation in the society by developing practical tools to tackle gender-based issues through non-formal Learning methodologies. As a fact, the project will raise awareness in the different local communities about gender issues and the importance of promoting young women empowerment in the EU and SouthMed countries and discovering the cultural and social effect in the two regions.

The Youth Exchange will focus on breaking stereotypes and prejudices towards women and gender roles and the socio-cultural relations between man and women in the different societies, encouraging actions to make them defending their rights and becoming independent within their community. During the second part of the YE, the group will choose different topics to raise awareness about gender issues and create videos in order to spread the word about their cause, their dreams and gain more support and recognition on the local, national and international level.

→ Target Group:

5 participants:

-> 4 participants per country (18 to 25 years old) + 1 Group Leader (no age limit)

This group should have participated in the local activities held in the local organisations and institutions. This will create an exceptional space for them to discuss about the issue of gender sensitivity, to share ideas about promoting women empowerment and conduct cross-cultural researches with the support of youth workers who will act as their mentors. They will also be involved in the Youth Exchange and in designing and implementing the Online Campaign. This action will increase the development of personal and professional skills such as creativity, responsibility, self-esteem and self-expression to foster their employability, to stand up for their rights and play

an active role in the decision-making process in their societies.

The partner organisations have to select these participants based on their availability and their willingness in supporting the implementation of the next phases.

➔ ***WHAT TO PREPARE:***

- ✓ We kindly ask you to bring information and materials about your organization, and the work you do in favor of Gender Equality and Women Empowerment (i.e. photos and reports from former projects and further material)
- ✓ Short Analysis, information about the Gender Equality/Inequality situation in your region/country.
- ✓ The intercultural evening: Be ready to present your country! Please, bring some food or snacks and share with us your traditional dances or games. Feel free to come up with any creative way of presenting your country!

➔ ***Financial Information***

>> Travel reimbursement details:

<i>Country</i>	<i>Amount in Euro per participant</i>
