**VIRTUAL YOUTH EXCHANGE 1
04-13 JUNE 2021**

THE PROJECT

HURRICANE- HUMAN RIGHTS' awareness Raising by Improving Creative Actions and Non formal Education is an Erasmus+ KA1 multi-action project **AIMED** to provide youth workers, young people and activists with artistic tools and methods to raise awareness among young people and local communities, on Human Rights- HRs related issue.

The project included a **Training Course**, held in 2019, an **Advance Planning Visit**, held in 2020, and two **Virtual Youth Exchanges**, all conceived to ensure an integrated pedagogical approach to promote active citizenship and HRs awareness, by involving both youth workers, activists, young people and indirectly local associations and communities.

METHODOLOGY

The whole project is based on non formal education - NFE methodologies and for this reason, it will be articulated according to the following the NFE main pillars:

- flexibility, being learner-centred, contextualized and based on the promotion of participatory approaches;
- horizontal cooperation, where facilitators and experts create a shared learning path with participants and trainees, encouraging the exchange of knowledge;
- personal empowerment through self-esteem raising, development of the self-confidence, competences and skills development.

During the project it is implemented a **LEARNING BY DOING APPROACH**: the specific learning objectives are organized to be practically experimented through interactive activities and to ensure a coherent learning process. Furthermore, **METHODS ARE RE-ADAPTED** during the process, taking into account the needs of participants and of the different actors involved.
