PROJECT

BABEL Youth Work and Innovative Methods is an Erasmus+ KA1 multi-action project aimed to develop tools and working methods, among youth workers and trainers, to fight against discrimination, therefore promoting the active participation and inclusion of young people and young people with fewer opportunities, in Europe.

More specifically the project was foreseen to facilitate the access to youth work knowledge and resources at local, national, regional and European levels, to further support the exchange of youth work practices and peer learning.

METHODOLOGY

The whole project is based on non formal education - NFE methodologies and for this reason, it will be articulated according to the following the NFE main pillars:

- flexibility, being learner-centred, contextualized and based on the promotion of participatory approaches;
- horizontal cooperation, where facilitators and experts create a shared learning path with participants and trainees, encouraging the exchange of knowledge;
- personal empowerment through self-esteem raising, development of self-confidence, competences and skills development.

During the project it is implemented a **LEARNING BY DOING APPROACH**: the specific learning objectives are organized to be practically experimented through interactive activities and to ensure a coherent learning

process. Furthermore, METHODS ARE RE-ADAPTED during the process, taking into account the needs of participants and of the different actors involved.
