"Transformative Cinema #3"

How the Cinema can be a tool to create change in society ?

Erasmus+

INTRODUCTION //

REV Association organizes an Erasmus+ Youth Exchange discussing how Cinema can change society and individuals. During this project, you will have the opportunity to discuss the social utility of Cinema, but also to collectively create your very own movie on this topic, since this project will be accompanied by a professional movie maker.

This project is also a collective experience, where 20 young European will live together during the time of the project, and engage together in the daily management of the project.

You can be a great cinema enthusiast, or just a curious young European willing to debate, exchange and create together, this project is for you!

GOALS //

- to collectively create a movie on the topic of inequalities
- To collectively address the topic of access to cultural event, and how it has an impact on inequalities
- to discover and use audiovisual equipment
- To live a collective and intercultural experience

ACTIVITES//

This project will take place in a small village in Lozère. Exchanges with local population will be strong: meals, animations...

Everybody will take part in the collective life: making of the meals, cleaning, preparing activities for the night and discussion workshop, art and practical workshop, debate, roleplay on the topic of cinema, culture and inequalities

But also:

- Activities with local people
- Activities proposed by the participants
- Free time to discover local places
- Collective activities

NON FORMAL EDUCATION AND ACTIVE PARTICIPATION//

In a dynamic of non-formal education, participants will be able “to make and to live together” and each participant will be responsible for the daily life of the group. This tool is very important for a real encounter: participants will elaborate their own menus, cook in groups, do the cleaning, and organize their activities.

The exchanges at cooking time, household, or at the time of the meals together and the leisure activities will be the base of the interculturality of this project.

PARTICIPATION//

Participation fee: FREE - Food and accommodation included

Travel expenses will be partially reimbursed according to the Erasmus + distance calculator.
