

MOSAIC

Interactive tools to promote inclusive approaches
among teenagers

PROJECT DESCRIPTION

METHODOLOGY:

The whole project will be based on non-formal education - **NFE methodologies**. A **learning by doing approach** will be proposed, where each activity is based on specific learning objectives in order to better target the educational action and to ensure a coherent learning process of individuals and groups.

The **training course** is conceived to boost the participants' capacities, to share and experiment methodologies and approaches, within non-formal education, to work with teenagers in short term residential activities, as, for example, youth exchanges.

The **youth exchanges** will allow participants to experiment an intercultural learning experience, favouring the exchange with other peers, promoting inclusion and anti-discriminatory approaches.

TOPICS:

- Knowledge and approaches in teenagers projects
- Group dynamics and group's functioning
- Anti-discriminatory approaches among teenagers

AIM:

To develop skills and competences to work with teenagers, promoting anti-discriminatory approaches among young people.

TRAVEL COSTS AND REFUNDS

The travel distance is calculated according to the main office location of partner organisations and to the Travel Distance calculator of the Erasmus+:

<https://erasmus-plus.ec.europa.eu/resources-and-tools/distance-calculator>

Moreover, participants, informing the organisations in advance, will have the chance to opt for Green Travel using more sustainable and eco-friendly means of transport (train, buses and carpooling). Participants will be refunded after the end of the mobility, upon the presentation of their travel documents.

The refund process can take around 4-6 months and it will be done directly to the sending organisations bank account, not to the participants' bank accounts.

IMPORTANT NOTE: Only for participants who choose the **Green Travel** option have 4 days of flexibility (arrival and departure days not included) to travel to the venue. They can manage in the most suitable way for them (e.g. 2 extra days before the official arrival + 2 extra days after the official departure day; 1 extra day before the arrival, 3 extra days after the departure day).
